Directors Update

There are always work to be done at the board level and we are constantly in need of committee members, to execute these duties or to replace directors as they leave. If you are interested or know of suitable candidate, kindly send us a letter expressing your interest.

Directors Liability Insurance

Liability Insurance is now available to our Directors, to ensure security over the operational problems.

Upcoming Event BNMDP/NMCC SUMMER 2010

Conference and Investiture Ceremony – more details to follow.

HAITI RELIEF

Our sympathy goes out to all the people of Haiti. As you are all aware of the devastation that occurred in Haiti and we encourage you to contribute generously and to provide whatever help you can to facilitate the development of this country and his inhabitants.

Although, we do not have a formal response to Haiti revitalizing project, we are tempting to work with some agencies to provide whatever help we can.

We are encouraging members, if they are interested to send their donations to **WONM - Clinics of Humanity**.

MALPRACTICE

We strongly urge you to renew your malpractice Insurance. As you are aware the board has organized the carrier to provide you with the highest quality Insurance possible. This is very important, given the nature of our litigious society and recent experience we were involved in.

One of our members, unfortunately failed to renew and had a complaint against his professional practice. It took countless hours and considerable amount of work to rectify this problem. Happily, the board was able to resolve this matter in an amicable fashion.

As a result of our experience, we are requesting that members provide us with a copy of their malpractice insurance.

MEMBERSHIP

For your information, this is to alert you to the fact that the board is close to completing its submission for regulation, in order to maximize the possibility of a DN M being fully recognized. This is

important that we have sufficient numbers and to this end we ask that you renew your membership immediately.

CONTINUING EDUCATION

As a reminder, one of the requisites for ongoing membership to our and any other professional association, is continuing education. Our current expectation is that you complete (40) hrs DNM and (20) RNP.

In order to establish to Government that we are a professional organization and to enhance the quality of our submission, we are asking that members provide us proof of continuing education.

If members are having difficulty finding appropriate courses, the board will be happy to provide a list of courses that meet the criteria.

We also remind you that you must maintain the certification of CPR in good standing.

RELOCATION OF THE OFFICE

Most of you, are aware that for many years, our office have been at 2813 Victoria Park Ave. During this time, we have had the pleasure of many of you popping by for unexpected visits.

As of 1st week of March, we hopefully will be relocated to a new office space. Although this occurs with mixed feelings, happiness of many years of being at Victoria Park and sadness about leaving. It also speaks to our growing independence as an organization.

Thanks to the support of all of our members to date. We look forward to our new premises with great pride and hope.
